

PKR LIMITED

On the 4th May 2017, PKR Limited was due to renew its Category 1 eGambling licence and pay the required fee. As of midnight on the 4th May 2017, the required fee had not been received by the AGCC and, pursuant to section 8 of the Alderney eGambling Ordinance, 2009, the Category 1 eGambling licence is therefore suspended. Due to this suspension, PKR Limited can no longer carry out any licenced activity. Until the suspension date, PKR Limited had been operating in compliance with its obligations under the Alderney eGambling legislation. We are aware that PKR Limited holds an operating licence issued by the Gambling Commission of Great Britain and we will liaise with our regulatory colleagues accordingly.
